SCIENCE

H.W. to be submitted on 3rd July, 2019, Wednesday

Since time immemorial, natural fibres have been used for apparel and home fashion. Today, many man-made fibres have been developed into beautiful fabrics that are being used by major designers. This summer break, have a great time sorting out your clothes and engaging with the given activity. Hope you enjoy doing this!

A. Research - Collect as many different pieces and scraps of fibres and fabrics. Gather information on ANY ONE CHOSEN FABRIC and make PowerPoint presentation under the following heads:

- (i) Name of the Fabric and its source (Plant/ animal/ man-made)
- (ii) Fabric and relevance of the region where it is used within India (cold and hot climate)
- (iii) Fabric and relevance to the use (its purpose – like for making bags, clothes, mats, etc)
- (iv) Properties of the fabric like strength, durability, absorption of water, etc.

B. Fabric assemblage /Collage -Now think of how you would like to present your collected fabrics as a collage. • Take an A4 sheet of paper. Ensure that the Project is done only on an A4 sheet. • Prepare a collage on one side of the paper using the fabrics collected.

ISA PROJECT ACTIVITY

Be an exhibitor at GOENKAN EXPOMART 2019 to get name and fame-

Wow! I will become famous

How is it possible???

I know. By following the given below instructions, you can become famous.

Research about the major developments in the field of water transport (cruise ships, racing boats, windsurfer boats, riverboats, jet skis, battleships, raft boats, ferries, yachts as well as submarines) of the country allocated to you as per your Roll no.

A. Research about two vintage ships. Paste their pictures on a chart paper and mention their characteristics like country of origin, engine, manufacturing year, length, internal features

Use your creative ideas to present it beautifully.

Roll No. 1-10: India

Roll No. 11-20: France

Roll No. 21-30: Japan

Roll No. 30-36: China

‘B’ and ‘C’ parts to be done by all the students.

B. Research about the major development in the field of ships and create a timeline about the same since 18th century.

C. Design a model of any water transport you like using paper, cardboard, toothpicks, thread, bottle, water colours, etc. A working model is always better.
