### CBSE PARTNERS WITH UNICEF FOR ONLINE CAREER GUIDANCE AND COUNSELLING PORTAL FOR STUDENTS

Dear Parent,

Keeping the primary aim of NEP 2020 in mind, CBSE, has collaborated with UNICEF, for setting up a dynamic online system and an effective implementation of the portal for Career Guidance and Counseling of class IX-XII students.

This initiative will help our students to gain knowledge and skills for self-development alongside assisting in smooth transition from school to higher education or work. It is imperative for the students to understand their learning strengths and weaknesses and thus, Guidance and Counseling serves the basic needs of each individual as a unique entity as there are perceptible differences between the individuals in native capacities, abilities and interests. Guidance also enhances positive attributes of an individual which help to build a positive self-image.

UNICEF, along with 13 state governments and private sector has customized career portals in regional languages, reaching 21 million adolescents helping them access educational and work related resources and opportunities. The career portals also available on mobile apps offer information on various careers, courses, college directories, courses from several countries, scholarships and competitive entrance exams.

The portal is linked to the CBSE main portal. All CBSE School students will be able to sign up on the portal with their details and access a personalized career dashboard.

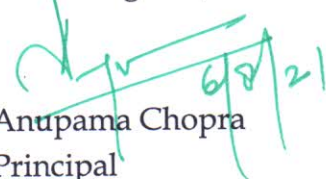

The portal with the entire career curriculum will be offered to students at no cost.

Currently each student through individual career dashboard will be able to access:

- 560+ careers (English, Hindi & 8 other languages)
- 25,000 colleges and vocational institutes spanning over 3 lakh courses
- 1200 scholarships
- 1150 Entrance Exams

Kindly visit [www.cbsecareerguidance.com](http://www.cbsecareerguidance.com) to access the portal and gain further knowledge.

Warm Regards,
